Key Selling Points

Convenient CO Checks
The COA1 turns your compatible smart device into a CO detector that reads to 999 ppm with 1 ppm resolution. Great for first responders and initial checks.

Free App
The free COCHECKER App graphs, logs and emails results. It also displays visual warnings of CO danger levels, based on the CO ppm readings. This gives the user quick and easy-to-see warnings. Available on iOS® and Android™ platforms.

Added Features
The COA1 offers an extended 3.5mm jack to support devices with oversized covers. Calibration is available at UEi recertification centers.
