

• Did you know?

Did you know the Robertshaw® 7000 series factory model gas valves are the same as the Robertshaw® catalog 700 series part numbers?

The same is true with the Robertshaw 7200 factory models which are equivalent to the Robertshaw 720 series part numbers.

Here are the top 10 most popular equivalents and their attributes:

Robertshaw Number	Factory Number	Model Number	BTU	Regulator Size	Inlet/Outlet	Actuator Type	Pilot Outlet
700-059	7000DERHC-S7C	5P1-501-791	720K	4.0 NAT	1" X 1"	24V AC	1/4"
700-400	7000BER	4B1-501-517	240K	Uni-Kit	1/2" X 3/4"	24V AC 12VDC	1/4"
700-406	7000BER	377-501-503	300K	Uni-Kit	3/4" X 3/4"	24V AC 12VDC	1/4"
700-506	7000BMVR	343-701-400	300K	3.5 NAT	3/4" X 3/4"	Millivolt	1/4"
710-205	7000SRLC	739-351-064	70K	3.5 NAT	1/2" X 1/2"	Hydraulic	1/4"
710-502	7000MVRLC	740-811-415	70K	3.5 NAT	1/2" X 1/2"	Millivolt	1/4"
720-079	7200IPER	7E3-D5B-029	150K	3.5 NAT	1/2" X 3/4"	24V AC	1/4"
720-400	7200ER	7A7-A1B-001	150K	3.5 NAT	1/2" X 3/4"	24V AC	1/4"
720-402	7200ER	7A4-A1B-001	150K	3.5 NAT	1/2" X 3/4"	24V AC	1/4"
720-474	7200ERCS-2	7C3-C4F-005	150K	Convertible	1/2" X 1/2"	24V AC	1/4"

Why Robertshaw Gas Valves?

- Trusted brand - Dependable and reliable service with a history of innovative products designed with flexibility and convenience.
- US based service - Dedicated customer service with knowledgeable technical service plus awesome online tools at www.InvensysControls.com including easy to use product cross references.
- Replacement parts - Robertshaw heating products offer kitted solutions and universal features that enable a single product to replace hundreds with easy installation, wiring instructions, and accessible adjustments.
