

Specification Sheet

Model 70000238 Dehumidifier Wi-Fi UI Upgrade Kit

Features

- Wi-Fi control plus Bluetooth (~3 mins; 4 stage approach)
- Enhanced Intuitive Digital Interface
- Integrates with the AprilAire Healthy Air App – alerts, diagnosis, updates
- Backwards compatible on E-series models E070, E080, E100, and E130
- Real language diagnostics
- Plug & Play upgrade in around three minutes. Requires the T20 Torx bit included with your dehumidifier

Principle of Operation

The AprilAire Wi-Fi UI Upgrade Kit makes it easy to upgrade your existing dehumidifier with Wi-Fi control and app connectivity. The kit installs quickly with four screws and pairs via Bluetooth within 3 minutes. Once connected, it allows you to control and monitor your dehumidifier through the AprilAire Healthy Air App. This simplifies setup, improves maintenance with real-time monitoring, and enhances support, delivering a best-in-class experience for managing moisture and high humidity in any home.
